ing in March, April and May, our Autumn months.

I have a seedling that is quite outstanding and a mass of flowers at the moment. I have called it TELSTAR. I wonder has this name been used in the States. It is a single golden yellow about 6" flower with a large scarlet eye. It really stands out.

I have 5 Hawaiian hibiscus that came into Australia from Hawaii about 11 years ago, apparently the names were lost and they now have local names on them. I recently got a plant of each of them and two are so outstanding I would like their correct names before I put them on the market. Could you make any suggestions as to who I could send 35 mm slides to for identification. One is a large 8" single of coral pink with a 1" band of gold around the edge, it is outstanding and a profuse flowerer. (Send them to the Nomenclature Co-ordinator, Mrs. John Wylie - Ed.)

I am having an exciting time at the moment. I have reised from seed, of Ross Gast and Gordon Dunn, about 300 in all and all are at the flowering stage. Two of the Gast seedlings have been quite good and will be worth carrying on with. The Dunn seedlings have given some good colors but nothing outstanding as yet. Gordon is now in Australia and will no doubt wish to carry on with his programme and the Gast batch also. I expect I will be doing some crosses and back crosses under his direction."

Modern Wife: Woman who knows what her husband's favorite dishes are and the restaurants that serve them.

Rhode Island: Texas after taxes.

Fat Woman: She's only a build in a girdled cage.

Kitchen: Tim pan galley.

RIDGE CHAPTER SPONSORS SHOW IN LAKE WALES

The Ridge Chapter is sponsoring a show in Lake Wales on June 11th. This show will be in addition to their regular show on September 24th. Now both the Ridge Chapter and the Sunset Chapter have two shows a year.

The Chamber of Commerce of Lake Wales has embarked on a project to landscape the highways leading into the city with Hibiscus. June 11th has been designated "H - Day" for Hibiscus Day. All who are interested and have an extra hibiscus bush they would be willing to donate are asked to contact the "Hibiscus Desk" at the Chamber of Commerce in Lake Wales. The "Hibiscus Line" is 676-3446 if you would rather call. On "H Day" these bushes can be planted in prepared locations and the doners will be able to point with pride to their donation to the city. At present the varieties most wanted are the old landscape type Hibiscus. The ones that will take rough treatment. If you don't want to plant your own hibiscus they will be happy to receive it anyway. Bring them with you to the show if you would like. Somebody will see that they get to the right place.

The show is sponsored jointly by the Ridge Chapter and the Lake Wales Bank & Trust. The lobby of the bank will be used to display the bloom. All those who have bloom to show will be welcome. Entry time will close at 10:30 a.m. Bring your bloom and win the trophies and ribbons. There will be a silver trophy for each class, Amateur, Collector, Commercial, and Old Favorites.
